

## Corporate Social Responsibility Policy Statement

Holroyd Howe is part of WSH, the UK's largest independent contract caterer in the food service market. As a major employer and significant business partner we are committed to taking our corporate responsibilities seriously.

For us, corporate responsibility is about:

- **Marketplace Leadership**

We aim to run our business in a way that singles us out as a great provider of services and a favoured partner to do business with. Our aim is to work with stakeholders to develop long-term relationships.

- **Environment**

We are aware of the scale of impact our operation has on the environment. As such, we are committed to exploring ways of reducing the impact of what we do. We will take a responsible attitude and lead the way in developing initiatives to further improve our environmental footprint.

- **Workplace**

We are committed to offering our employees a rewarding and challenging workplace. We aim to become the Employer of Choice demonstrated amongst other things, by current and past employees recommending the company as a great place to work.

- **Community**

We work hard to be good corporate citizens, we work to support the sustainability of both global and the local communities in which we operate and actively encourage our employees, staff and suppliers to consider the needs of others and involve them selves in public service.

High standards of Corporate Governance and Health and Safety underpin everything we do.
